About 9:00 p.m. seven persons left 240 Livingston St. in family car going to White Castle on Hawthorne Ave. Newark. Persons going were: Mr Mass, father; Mrs Mass, mother; Mr Cannon, uncle; Clarence, Michael, Jerry, Eddie. Going to the White Castle Mrs Mass says she suddenly saw ^{at least 2} armed men (doesn't know which group) in the street she instantly became frightened; her husband ^{noticed them} quickly swerved around them as they began shooting. Her husband kept driving until he returned home. It was when they returned to the house that Mrs Mass opened the back door to the car and discovered Eddie was ^{injured or dead} ~~gone~~ when he fell out of the car. "I think

they must have been aiming for his head the way he was shot."
