Andrews James Pugh Living at address - 1 year
340 15th Ave Age - 18 born in Newark

Just before I heard the shot I was bringing the chair out of the kitchen into the hall and I heard my mother yell, I came in the front door that leads to the living room. My mother was yelling Mikey is shot. I was coming in the door of the living room + I stopped my mother turning around. There was no police, no national Guards the streets were clear of people + My friend and I picked my brother (Michael) up and brought him upstairs to our apartment and laid him on the bed. I went to the window that's when I saw the state police standing outside the car on the side of the street yelled to them to get an ambulance because my brother had been shot and they (the State police) said to bring him downstairs. The state police stayed on the opposite side of the street and waited until my friend and I put my brother in the car.

No other shots.
