

CONSIDER JESSE ALLEN

Before you decide who you want to represent you on the city council.

CONSIDER JESSE ALLEN.

Every candidate here will promise you what he will do to ~~so~~ solve this citys problems. If he is nominated and elected. Ask them.

WHAT HAVE THEY DONE.

1. What have they done about absentee landlords and rent strikes?  
How many have they led?
2. What have they done about conditions in schools?
3. What have they done to bring health programs into the community?
4. What aid have they given to welfare recipients?
5. Who among them has gone to JAIL for opposing the judicial system?
6. Who among them has suffered BODILY HARM for protecting the voting rights of blacks and puerto ricans?
7. Who among them has raised thousands of dollars to aid the community?
8. Who among them has created programs to aid the alcholics as well as the drug addicts?

JESSE ALLEN's record PROVES he has done ALL of these things.
