VOTERS' SERVICE

Non-Partisan Information on Candidates for Election

COMPILED BY
LEAGUE OF WOMEN VOTERS OF NEWARK

The League of Women Voters does not endorse or oppose individual candidates. It believes the strength of our system of government lies in the ability of the people to realize the issues in an election and to judge as fairly as possible the records and qualifications of all candidates.

BE SURE TO VOTE FOR

1. Mayor
2. Four Councilmen-at-Large
3. One Councilman from your Ward

Term of Office—4 Years

Salary—To be fixed by the Newly Elected Council

The **MAYOR** will exercise the executive power of the city government. He will appoint all the department heads and will supervise the operation of the departments. He will be responsible for efficient municipal services.

The **COUNCIL** will exercise the legislative power of the city government. It will adopt all ordinances, resolutions, be responsible for the approval of the city budget, establishment of financial controls, and the fixing of salaries of all elective and appointive officers and employees. It will render advice and consent with respect to the Mayor's appointments.

FOR MAYOR (Vote For One)

(2) LEO P. CARLIN

Age 45. Attended St. Benedict's Preparatory School. Elected President of Local 478, Teamsters & Chauffeurs Union from 1933 to January 1, 1954. Member of General Assembly 1936. Director of Public Works from 1949 to 1953. Mayor of City from 1953 to date. Married, father of five children.

1. As soon after the election as convenient, the Mayor and the newly elected Council shall meet to study and make plans. Any legal questions arising should be resolved by seeking a declaratory judgment. Preparations should be made to have all ordinances and resolutions necessary for an orderly transition ready before July 1st.

2. The Board should have an enlarged staff. The staff should prepare a long-range plan and should actively promote civic development. It should also prepare a capital improvement budget.

3. The assessment of property should be administered by a trained professional assessor. A survey should be made to equalize assessments within the city and steps should be taken to insure that Newark's assessments compare favorably with assessments made throughout the rest of the State.

(3) PEARCE R. FRANKLIN

A Newarker all his life, 62 years. Lawyer since 1916. Served in Assembly 1921-22. City Commissioner 1933 to 1941. Won national commendation for administration of City Hospital. Chairman North Jersey District Water Supply Commission eight years. Supported new charter movement from its inception. Re-elected Commissioner 1953.

1. Immediately seek cooperation of the elected councilmen to prepare in advance for the introduction of municipal legislation, establishing new departments and assigning governmental functions. In addition, I will give careful consideration to the appointment of key department heads so they can be submitted to the council at its first meeting.

2. Under the new form of government the Central Planning Board will take on new importance, working with the Mayor in developing his program for long-range improvements. I propose to include in the Planning Board membership a trained engineer, an architect, a representative of organized labor and trained educators.

3. Revaluation of all property to increase city ratables and spread the tax burden more equitably, to relieve small property owners particularly. A long range program to attract new industry, which with more efficient administration should also reduce the tax rate and revitalize the city's economy.

(1) RALPH A. VILLANI

Age 52. Former Mayor and Director of Parks and Public Property. Received Law degree from Syracuse University 1924. Police Court Judge 1933-1937. Elected to City Commission 1941, 1945 and 1949. Long active in civic and fraternal affairs.

1. This change in local government is not a revolution in our municipal affairs. We have an efficient corps of municipal employees who are performing essential services for the city. As Mayor I would most certainly call on the skill and experience of department heads and key workers to effect a smooth change-over.

2. Any proposals for a strengthening of the powers of the Planning Board would have to come from the state legislature. I would give any recommendations made by the legislature the most careful consideration.

3. During the City Commission campaign last spring I outlined on numerous occasions my proposals for a sound tax program. I have consistently advocated a program of revaluation of properties and equitable reassessment so that the tax burden will be equalized.

THE LEAGUE QUESTIONS

THE CANDIDATES FOR MAYOR:

1. Please summarize your plans for an orderly transition to the new form of government.

2. If elected, what plans would you have to strengthen the powers of the Central Planning Board?

3. What measures would you institute or recommend to develop a sound tax program for Newark?

(25) LOUIS MONGOVI

Age 39. Completed Seton Hall University's Business Administration graduate course. Engaged in General Insurance and Property Management business. Purple Heart veteran of World War II.

1. The powers of the Business Administrator should be similar to that of general manager of a large, efficiently-run business enterprise.

2. I would first review existing municipal laws and ordinances for their value, effectiveness and quality of enforcement and make such specific recommendations as would most benefit Newark's citizenry.

(32) CHRISTOPHER C. NUGENT

Newark Assistant Health Officer. Attended Newark elementary and preparatory schools, two years college mechanical engineering, graduate Rutgers University, Public Health Administration. Member veterans organizations and church societies. Member Citizens Advisory Committee for Newark Master Plan, Citizens Committee for Neighborhood Conservation and Rehabilitation. Secretary, Emergency Medical Service World War II.

1. As executive officer of the city, he should be empowered with all the authority the office stipulates. He should be charged with the responsibility of administering the affairs of the city in the public interest and nothing else.

2. A well-balanced plan for the entire city with public improvement and industrial development given top priority. An honest evaluation of property values and equalization of assessments with tax reduction the ultimate goal. Housing for middle income groups, continued public housing with emphasis on redevelopment. Zoning revision

to unscramble unplanned growth.

(27) ANDREW F. PALADINO

Age 29. Electrical equipment tester. Attended St. Augustine's Parochial School, Our Lady of Good Counsel H. S. Member St. Augustine's and St. Lucy's Holy Name Societies. Italian Catholic Union and Club Fidelis.

1. Power to legislate, revise and repeal. Also to approve appointments, the budget and expenditures. To vote upon all vital issues beneficial to the entire community. To have patronage.

2. To establish more equitable distribution of the tax burden.

To eliminate existing slums and prevent creation of new slum areas.

To provide adequate, comfortable housing for low and middle-income families.

To safeguard the civil rights and liberties of every citizen.

To curb and combat juvenile delinquency.

(30) PATRICK J. SCANLON

Age 31. Route Supervisor. St. James Grammar School, St. James Business High, Newark. St. Antoninus Holy Name Society. Delegate to Essex County Federation of Holy Name Societies, Ancient Order of Hibernians, Newark V.F.W. Sgt. Hennessey Post #712, Tuxedo Social Club of Vailsburg. World War II Veteran, U. S. Navy.

1. The Business Administrator should be given the power and responsibility for supervising and coordinating the work of all operating departments. As a Councilman, I would support an ordinance to give him the necessary power, under the Mayor's direction, to supervise the operating departments.

2. Replace the present tax board with a modern tax system.

A Traffic and Parking Committee which will improve traffic conditions and improve Newark's parking facilities to cope with suburban competition.

An Industrial Commission which will promote and bring new industry to the City of Newark.

(35) JOHN J. SMYTH

Age 36. Lawyer. Bachelor of Arts from Seton Hall University, Bachelor of Law from Rutgers. Entered army as private in World War II, discharged as Captain in the Air Force.

1. He is vested by statute with direct control of budgeting, purchasing and personnel. I agree with the Newark Charter Commission that he should also supervise the operating departments.

2. Organize administrative departments.

Increase authority of Business Administrator to empower him to supervise operating departments.

Adequate salary program to give City employees salary commensurate with their responsibilities and capabilities.
