15 CENTS

THESE ARE THE MEN WHO CAUSED NORTH WARD DISORDERS...

The tragic events of the last few weeks in the North Ward, are directly attributable to the well publicized poison of the Anthony Imperiales of the ward who have incited young people into racist mob action, that has caused the death of one youth. Imperiale's loud mocking refusal to abide by the decision in the Kawaida Towers matter he has made the catalyst for recent white mob disorder in the North Ward. As well as his continuous assault on all Blacks in NewArk.

What is equally tragic is that public officials who already have information necessary to bring Mr. Imperiale's reign of terror to a halt do not do so. It is known that Mr. Imperiale perjured himself before Judge Kimmelman in denying he met with Imamu Baraka weeks before the groundbreaking of Kawaida Towers. So many people believe in Mr. Imperiale, but he should be exposed as the unprincipled liar he is. When will the authorities move to compel Imperiale to appear before court again?

IMPERIALE—RIOTS TERRORIZE BLACK CITIZENS!!

Deputy Santos "Moose" Modica, Ant-Knee Imperiale, Mike Raimo, Patrolman Caprio #905 (with his "heat" under shirt) & bulgy camp follower. Modica and Caprio two of Imperiale's "legal guns". White Racist Policemen. Meanwhile, Kerr lets racists attack Black Policeman Jim Nance.

It is also well known that Mr. Imperiale's body guard Santos "Moose" Modica is a Sheriff's Deputy, paid by the County. We wonder do the taxpayers understand that this is what Mr. Modica is paid

for. "Moose" Modica is also well known as the "field marshal" for the mob actions in the North Ward of the last few weeks, steering the crowds of maddened youth through defenseless Black neighborhoods, wearing

his legal gun. We wonder if Sheriff Cryan authorized this activity. And further if the democratic voters who support Mr. Cryan are all aware of his role in supporting treachery and violence against Black taxpayers in the North Ward??

Racist mob tactics against Black people are not new in America, un-

fortunately. In the North Ward, used by the local klansmen, such tactics can easily be perceived as attempts to "run the niggers out of the North Ward". These tactics are destined to fail. The breaking out of windows, overturning autos, beating up old women and youth, breaking down peoples' doors are the tactics of mindless fascists. And they will not succeed. They will merely incite the people to struggle harder to secure their families and their communities.

... BUT KAWAIDA TOWERS WILL RISE!!

Imamu Amiri Baraka, spiritual leader of the Temple of Kawaida; (right, Cheo Mfuasi, the president; & Kaimu Mtetezi (David Barrett), a Trustee & Unity Movement Assemblyman candidate appear at a press conference following the decision of Judge Kimmelman that Kawaida Towers Will Rise!!

The decision in favor of the construction of Kawaida Towers is ironic, in the sense that actually it says what we at the Temple of Kawaida maintained from the start, that the Kawaida Towers development is not only legal, but a much needed addition to the NewArk community.

Judge Kimmelman has not only confirmed our belief, but reaffirmed the legal impeccability of the endeavour, and in so doing dismissed the self-serving, illy conceived arguments of those pitiful social perverts whose lives are given to struggling against the progress of the

poor. In the case of the specific enemies of Kawaida Towers, they have raised questions about the legality of the tax abatement, and that has been crushed. They have questioned whether there was blighted areas in NewArk justifying the tax abatement, and this spurious obvious obstruction was dismissed. The very NewArk politician who introduced the Kawaida Towers measure to the City Council, and later to serve his own political perversions, claimed he had no knowledge of what he was doing; he has been publicly and legally repudiated. As have the

rest of the racists and criminals on the City Council who under the duress of a Klansman led mob also claimed they did not understand what they were signing. Even though it was explained to them on three different occasions. Judge Kimmelman has also exposed them in their lie.

These obstructors to the community's will also raised questions about whether Kawaida Towers met advanced planning requirements, since it was an expenditure of public funds. The decision clearly dismisses these allegations in pointing out that there has been no expenditure of public funds, of the NewArk municipality, or of the state. The HFA is a state agency which has made a mortgage loan to a qualified agency. It is an investment program which does not tax the state.

FBI KILLS MUSLIM

... WAS "WRONG MAN"!!

by Bobby Gilliard

BATON ROUGE, LA. (AAN-S)—Two FBI agents last week shot and killed a Black Muslim in Baton Rouge during an arrest attempt, but later acknowledged that he was the wrong man.

The incident represents the latest in a series of violent clashes over the past few months between Black Muslims and police authorities across the nation.

Last month alone three persons were killed and seven others wounded as a result of confrontations between the followers of Elijah Muhammad and police in Atlanta and Oklahoma City.

In the latest incident, two "white"

AFRIKAN DROUGHT: A CRUCIAL PROBLEM!

For the last five years a deadly drought has raged throughout six Afrikan nations. Mauritania, Senegal, Mali, Upper Volta, Niger and Chad. It has also raged Northern Nigeria and partially in several other states. As a headline in the New York Times stated very recently, almost 6 million Afrikans are in danger of perishing from famine. Farm production has

been cut 30 to 50% in the region, livestock have been wiped out between 40 and 80%. The statistics are staggering, but even more staggering is that in the face of such rampant disaster, the politicians and technicians of the major powers should have been for so long strangely silent.

SONNY CARSON FRAME-UP!

conspiracy to stop the work of Black Nationalists & PanAfrikanists in this country. In September of this year the Communist Party is calling a meeting of some 2,000 people in Buffalo, N.Y. to try and devise a way to stop the work of Black nationalists and Pan Afrikanists in the United States and throughout the world. To stop brothers and sisters from working to build a nation for ourselves. The rate of frame-up cases among Black nationalists will increase. So we better get ready for it!

This time it was Brother Sonny "Abubadika" Carson; tomorrow it may be one of us. We all must realize the reason these charges have been created and slapped on Brother Carson—because he is a nationalist, and like H. Rap Brown, Maulana Karenga, Ahmed Evans, and countless other Black Political Prisoners, he is being jailed for trying to represent the will of our people.

BROOKLYN, N.Y. (AANS) — Sonny "Abubadika" Carson, the fiery, outspoken one-time leader of Brooklyn CORE, surrendered to police last week to face multiple charges in connection with the death of one man and the wounding of another.

Brother Carson is charged with murder, kidnapping, burglary and possession of dangerous weapons, all following the alleged abduction of two men who were supposed to have twice robbed a Black owned hotel he manages in the Bedford-Stuyvesant section of the city.

Brother Carson, who has been charged along with seven associates, is "said" to have picked up the men in a car last month. One was shot to death in a struggle inside the vehicle, while a second was thrown out at a deserted place, shot in the head and left for dead, according to police.

Henry Manley, 26, lived however, and later told police the identity of those he claimed to have attacked him and Philip Williams, 34. They included Carson, Ali Lamont, and his brother, Jackie, Wallace Hammond and Calvin Smith, all of Brooklyn.

Three other suspects were still being sought.

Brother Carson is only one of many Black nationalists being framed with numerous jive charges in order to eliminate their voice in the Black community. Basically there has been no evidence found to show that Brother Carson was involved in any of the fake charges which the police have dropped on him.

There is definitely a national

FBI KILLS MUSLIM: WAS WRONG MAN

FBI agents identified as Bill Woods and Delbert Hahn went to the home of Milton Leon Scott, 21, and attempted to arrest him for Army desertion.

Scott reportedly told the agents that he had never been in the Army, that he would not go with them and then tried to close the door to his house.

A struggle ensued when the agents entered the house and, according to Scott's wife, Beverly, they dragged Scott out of his home. The 19-year-old widow says she later heard two shots and saw the FBI agents trying to kick her husband after he had been shot. The official FBI story later in the

week, however, was that the young Muslim had assaulted the officers with a blackjack and attempted to get their guns.

The man the FBI was actually looking for was identified as Calvin Henry—currently serving a seven year jail sentence in California.

Henry had reportedly entered the army in 1972 using identification belonging to Scott. Scott's family told a local television station that he had reported his wallet and identification stolen in 1970.

Other violent Black Muslim police clashes have occurred in New York and California.

KERR PERMITS ATTACKS ON JIM NANCE!

Jim Nance

At this printing it was just learned that the Newark Police Department has brought charges against Jim

Nance, a Progressive Black Patrolman, for "pushing an officer" and "insubordination". These charges brought up by whites list an incident that happened in February—five months later they bring charges. Why? Because we are hot on Moose Modica and Ant-Knee Caprio's case as Imperiale's "legal guns." But Why did Kerr go along with it? He can't be neutral in this. Either Kerr is with the community who raised him, or he is against it! **SUPPORT JIM NANCE!**

ANTIQUA ALD DRAWS 14,000 —Despite Neo-Colonialist Ban!

May 26th, 1973 will go down in history as one of the most important and crucial days of the twentieth century in Antigua. This Caribbean Island will not and cannot be the same as a result of what took place that day. Declared Afrikan Liberation Day, it was not just another Liberation Day in Antigua, but more importantly it marked a period when the people with the Afro Caribbean Liberation Movement stood up and made it abundantly clear that no force of arms would daunt or prevent them from fighting for their freedom; that in the final analysis power must rest firmly with the people and not in the hands of a few.

That over 14,000 Afro-Caribbean people united and rallied, in spite of and not because of, the threat of the full force of the law by the ruling régime, is positive proof that our people like others the world over will

do all in their power to attain their freedom and liberation.

The march followed the original route stopping briefly in front of the Governor's residence and the office of the British High Commissioner.

At this point thousands of people showed their support for the liberation struggles by shouting "Freedom to the people of Mozambique, Freedom to the people of Guinea Bissau." At about 1:45 p.m. the rally arrived at the grounds where the addresses were to be given.

No incident whatsoever had taken place and it was generally felt that the police decided against any action knowing fully well that the thousands of people who rallied would have shown their righteous indignation. And despite the neo-colonialist ban, this march, as well as others, was really a success. A Luta Continua!!

Brothers and sisters in NewArk displayed their solidarity with Afrikanis in Antigua and thru out the world on ALD.

LETTER TO THE EDITOR

BLACK NEW ARK
13 Malcolm X. Blvd.
NewArk, New Jersey

We, the parents and staff of the Ebony Learning Center-School were indeed glad to have Booker T. Cartwright exposed.

In his sheer ignorance he testified in court that an independant black school was illegal and a public nuisance.

We should hope that in the future "TOM OF THE MONTH" would feature; South Ward Councilman Sharpe James, Rev. Jennings, Judge Morrison, Theodore Pickney, Mrs. Clara Dean, Mrs. Bass, Bernice Bass and Donald Payne for their backwardness as it pertains to black education. We are sure their records will speak for itself.

Asante, for affording us this opportunity to express ourselves and for printing the truth.

WILL KERR TAKE CONTROL OF THE IMPERIALE (Police) DEPARTMENT?

Police Director Edward Kerr, the city's first Black police director has been approved by the NewArk City Council, after attempts to have him confirmed, since the resignation of John Redden last year. The appointment took so long to approve, because of the racist obstructions by the "SICKS" on the City Council, but Director Kerr finally won his first battle. What remains to be seen is what Director Kerr will do to insure the safety and well being of the majority of the citizens of this city, and how we will receive adequate police protection from criminals and racist police who roam the streets at will. The new police director must be firm in his position against social misfits in and out of uniform.

What Black people and other powerless people in this society want from the police and from such as Police Director Kerr is that they enforce the laws equally. That is what Blacks, particularly, and all poor people in general, have been asking

for a very long time, that the laws of the land be enforced equally. And that is all we are asking of Police Director Kerr, that he enforce the laws equally. It is simply that because he has Black skin we thought he would at least be sensitive to those laws that were not being enforced where Black people's and other oppressed people's rights are concerned.

Finally, we would like to ask, in this same vein,

1) Will the Black and Puerto Rican citizens of the North Ward be protected from rampaging whites including on and off duty white policemen?

2) Will Kerr see that his police actually protect workers at Kawaida Towers when work resumes rather than aid Imperiale, as has been the case?

3) Will Kerr explain why Tactical Policeman Caprio, Badge #905, continues to function as one of Imperiale's "legal guns," and body guards? (We have already raised the question of why Sheriff's Deputy Santos "Moose" Modica continues to function in this same capacity, paid by the County, as another Imperiale "legal gun.")

4) Why hasn't Imperiale been arrested for inciting riot, if Imamu Baraka functioned in the same capacity as Imperiale, stirring up riots every night against whites, he would be arrested. We want equal enforcement of the law.

5) Will he continue to allow Ron Gasperenetti, who is listed in police files as being "unfit psychologi-

Lt. Edward Kerr is sworn in as Director of Newark Police Dept. as Mayor Kenneth Gibson witnesses event.

cally" for police work, to continue?

6) What will he do to put an end to the Imperiale-Police assault and harassment of Black and Puerto Rican citizens all over the city?

So most of all what we are asking of Director Kerr is that he be a man! And stand up for what he very clearly knows is right! He should stop hiding behind the paper mask of public official, just like our mayor should stop hiding behind that ill fitting disguise and stand up and be counted on the side of the positive forces in the community and the world.

There are observers who say that

two white captains really run the Newark Police Department and that Director Kerr has little to say about it. It is obvious that Imperiale influences certain racist elements in the Police Department . . . how much input can Director Kerr make in reality? That's a good question!

But nevertheless, there is nothing unreal about what the majority of the citizens in NewArk demand of Director Kerr—only that they be protected and the laws are enforced equally. All Black people will be watching to see if Kerr is strong enough to handle this critical task!

SPECIAL NEWS! WINDOWS SHOT OUT, AGAIN!

Early Monday morning July 31, shotgun blasts ripped through the downstairs windows of Committee For Unified NewArk's main office at 502 High St., and also through the downstairs classrooms at Afrikan Free School. It is obvious that the attackers were white policemen. A short time before those blasts, Santos "Moose" Modica & several of his police associates were seen twice riding through the Central Ward, passing at high speed in front of the Temple of Kawaida, 13 Belmont Ave., Modica was recognized by Cheo Dhati Changa who is testifying before a grand jury that Modica is the bodyguard of Anthony Imperiale.

Imperiale, Modica, Caprio, & their ilk must be seen as the same people who cut off black children's heads and cut open pregnant Afrikan women's stomachs in Mozambique. They are the same cowardly perverts who set off bombs in Birmingham churches killing little black children.

And now, not only do they want to stop our community from building new housing, as is the case with Kawaida Towers, but now they want to destroy attempts to build new schools, and endanger our children. We will not permit it. The legally constituted authorities must act, or the people will act.

IS THIS TRIP NECESSARY?

KAWAIDA TOWERS

(Continued from page 1)

Most of the challenges made to Kawaida Towers probably were understood as futile by any lawyer who could have put them together in the first place.

The charge that Kawaida Towers breeds crime, is the surest measure of racism. Are people who live in the high rises just up the street on Mt. Prospect Avenue also in that category of crime breeders, or are they exempted because they are mostly white? Are the penthouses of Park Avenue and Fifth Avenue, breeders of crime because they're high? It is the lack of services that cause slum conditions, the lack of concern by management and government that causes slums and crime. The lack of involvement by the rich in the plight of the poor causes crime.

The Judge has also added that the obstructors had not even filed their challenges on time, and they could have well been dismissed simply because they did not meet the technical requirements of competent legal process. However, in an attempt to give these miscreants all the rope in the world, the judge enterprisingly allowed them to file even after the permissible time for such filing. And still all complaints were dismissed "with prejudice."

But next we must ask the question, what power does Mr. Imperiale hold over the would be executors of law and order that they will not roll over his racist obstructions to the public good but must give it endless hearing,

endless dignity when it deserves none? Mr. Imperiale, it should be added again and again, himself knew about the project beforehand, and Imamu Baraka would challenge him to go into a court of law under oath and say that he did not meet with him several weeks before the ground breaking and discuss how firms he knew could get employment at Kawaida Towers. Perhaps he has perjured himself already before Judge Kimmelman? These facts are known, why don't the suitable agencies act?

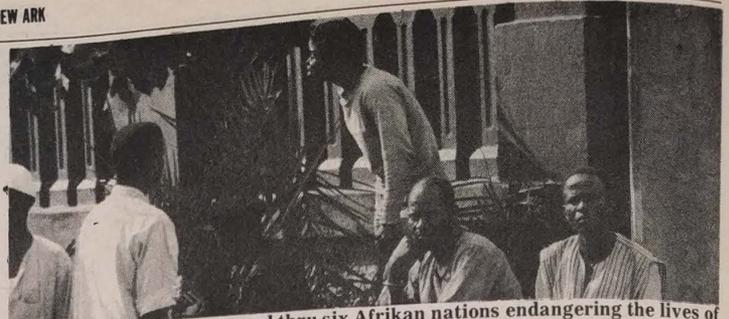

In the meantime the Temple of Kawaida is now actively seeking to begin building. We are meeting with the contractor to set up a building schedule. We are notifying the unions of Judge Kimmelman's decision, expecting them to rid themselves of their racist association with legally crushed racists.

We will also go back into court to seek the reduction of numbers of pickets in front of the site, in the presence of the racists melodramatic announcement of "fights to the death," &c.

We are moving forward certainly. We have won another court case, and we will continue to win any others. The development is legal. But all would be supporters of law must see that in law the development rises, otherwise the entire community is being subjugated to the unlawful disorder of a vest pocket fascist.

But KAWAIDA TOWERS WILL CERTAINLY RISE!

"BLACK NEW-ARK PUBLISHED TWICE A MONTH IN SEPTEMBER"

The deadly drought has raged thru six Afrikan nations endangering the lives of some 6 million Afrikans.

AFRIKAN DROUGHT

(Continued from page 1)

Because all of Afrika is in a continuing struggle against Colonialism and its insidious offspring, NeoColonialism, the accepting of aid from the wealthy countries is always wrought with dangers. First, these six countries are among the poorest in Afrika, the lack of developed technology, makes the drought situation even worse, because it cannot be fought within the countries in ways possible for highly industrialized countries.

According to a congressional report the United States has given about 18 million dollars in surplus foodstuffs to the area, during this five year period, although last year 15 million dollars went into Bangladesh, alone! It is obvious that governmental agencies in the United States & the U.S. Gov't itself could stem the ravages of the drought through interest free loans and technical assistance, without neocolonial political strings. A massive "marshall plan" could be initiated to transform these regions through use of the modern technology of the industrialized nations, at the same time allowing these countries to transfer this technology to their own nationals, so that these efforts will not turn into yet another exercise in imperialist domination and cultural elitism.

Toward this end we would like to quote directly some methods of influencing American policy toward the Afrikan drought and Afrikan policy in general.

VICIOUS ATTACK ON BLACK COMMUNITY

Takalifu (Tina Johnson): "Her home was firebombed for exposing the racism in the North Ward. ."

by Takalifu (Tina Johnson)

On Wednesday Julai 11th, following a racist rally by Anthony Imperiale the Black community was set upon by three to four-hundred white men, armed with baseball bats, iron pipes, guns, & sticks. As a result of this vicious attack upon the Black community brothers & sisters in the north ward have set forth to become unified & self-determining by forming the North Ward Black Unified Committee.

Following the distrubances, several incidents have occurred in the Black community of the North Ward. White people have sought to terrorize the Black residents of the North Ward. Immediately after this vicious attack on the Black community by hundreds of demented white youths, white policemen also aided Imperiale and his goons by stopping and harassing every Black person they saw. One Black woman, Mrs. Lucy Bullock, was harassed and arrested by the police.

The writer of this article is a strong and hard pushing sister. And because of her out-spoken qualities as a righteous Black woman in exposing the racism in the North Ward, her home was firebombed several days following the disturbances. The incident occurred around 3:00 o'clock in the morning, while she, two small children and her 96-year-old aunt were in the building. Fortunately all four of them escaped. But this was only after the firemen had ripped a hole in the wall of her room to get them out.

Presently the north ward is very tense. The Mayor and the police chief have played a very low role (hardly any role at all!) in protecting the rights of Black people.

These men have all the power in their positions in NewArk to take actions against Imperiale, a maniac who is the perpetrator of all the evil blows plaguing the Black community to task.

If Mayor Gibson, who owes his allegiance to the Black & Puerto Rican community and who came out of the "Black & Puerto Rican Convention, cannot stand up to Ant-Knee Imperiale, then something is wrong, and the mayor should call for a Grand Jury investigation to bring out all enemies of the Black community, before his credibility is questioned further.

The Black and Puerto Rican Community must be made safe. Every man, woman, & child must live in security; or those men responsible for the lack of security must be removed from their positions.

THESE MEN CAUSED DISORDER

(Continued from page 1)

Kerr have a direct responsibility to secure and protect all the people of NewArk. We understand their job is complicated by the fact that the NewArk Police Department is still dominated by anti-Black white cops, many of whom identify directly with the violent racism of Imperiale & c. But Mayor Gibson and Police Director Kerr must take clear, forceful and direct action to secure the Black community in the North Ward, and put an end to the rule by mob violence that is sanctioned by many white politicians and white policemen in the North Ward today. It is obvious that part of the mob's work, and Imperiale and company's intention is to embarrass and de-testicle these two Black officials. But Gibson and Kerr must support and protect the community that supported and protects them.

LISTEN TO THE PEOPLE!!

QUESTION: What do you think Mayor Gibson and Police Director Kerr should do to eliminate the racial disturbances in the North Ward of NewArk?

Pharoah Ramsey of South Brenett St.: "I don't think they're gonna do anything. They're just gonna put it off until a riot breaks out and someone gets hurts."

Herman Anderson of Boylan Street: "I think it should be more law enforcement on the Mayor's part to do his job and cool this whole situation out."

Long Kitchens of Weequahic Avenue: "My opinion is that Kerr and Gibson have only titles with no power behind them. There's not too much they can do in NewArk because they don't control it."

Lucile Peterson of Ludlow Street: "If Gibson and Kerr are really interested in helping the community and preventing a riot, they would bring in the National Guards until Kawaida Towers gets built and arrest Imperiale if he breaks the law."

Irene Shorter of Mrytle Avenue (Jersey City): "I think Black people are getting a lot abuse in NewArk. I just can't see why Kawaida Towers is prolonged and why Kerr and Gibson will not take a stand in enforcing the law."

Tawakali (Gloria Pitchford) of Burchard Avenue (East Orange): "First of all, assign Black policemen to the area and secondly, Gibson should meet with the North Ward Black Committee to sincerely try to resolve their problems."

"Imperialism is one, Afrika must be one, the world revolution must unite and fortify its foundation, increase its means and liquidate the negative one that imperialism represents."

SABA SABA: TANU ANNIVERSARY

—CELEBRATED IN NEWARK BY KAWAIDA CADRES

POSITIVE BLACK IMAGE

Brother Frank Hutchins, "Unity Movement" candidate for Assemblyman 29th District, is elected this month's most progressive image in Newark. Bro. Hutchins has said . . . "It is my firm conviction that all Black People must unify to liberate themselves from such negative forces as poor housing, miseducation, poverty and racism. Corrupt politics and politicians who are not accountable to the masses of people nourishes the climate in which these negative forces grow.

"The two party system has not effectively dealt with the problems of the Black Man because even those people who are incidentally Black and get elected, many of them owe their very existence to a white boss who makes this selection of who will run. The method that is used to select candidates is undemocratic and fosters the attitude toward corruption.

"Black People must gain control of the political system in areas that they live and determine first who will represent them. I am sure that any thinking Black person rejects the idea that we are incapable of determining who will be our leaders and representatives.

"Finally I am positive that the puppets presently picked by the white boss will be rejected, because we are determined to bring 'Unity in the Community'."

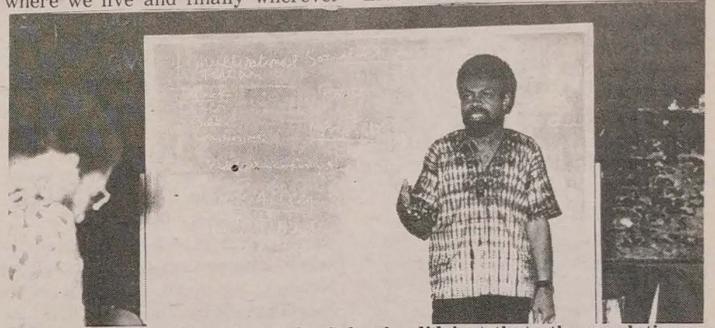

On July 7, 1973, the Committee For Unified NewArk and other cadre organizations of the Kawaida faith came together in a day of work and study, to celebrate Saba Saba, the seventh day of the seventh month. We came together to celebrate Saba Saba, for it was on the 7th, of July, in 1954 that the various nationalists of Tanganyika came together to form the Tanganyikan Afrikan Nationalist Union (TANU). TANU the political party of the people of Tanzania, a Pan Afrikan Nationalist organization, that began under the leadership of the Honorable Mwalimu Julius K. Nyerere, as a small group (cadre) of dedicated brothers and sisters, committed to the liberation of the people of Tanzania and the creation of a better way of life for all positive forces in the world. Because of its correct analysis of the conditions of the people of Tanganyika, for it was representative of those people, and its dynamic movement, TANU led the people of Tanganyika to national liberation in 1961, and to the development of Tanzania as one of the most progressive nations on the continent of Afrika.

NATIONALISM STANDARDIZED

In the spirit of celebrating the victories and progress of TANU and the peoples of Tanzania, who celebrate Saba Saba yearly, brothers and sisters came to Hekalu Mwalimu (Temple of the Teacher) from Baltimore (Md.), Wilmington (Del.), Philadelphia (Pa.), Camden, (N.J.), Paterson (N.J.), Jersey City (N.J.), Bronx (N.Y.), and Albany (N.Y.), for a full day of activities under the leadership, guidance and inspiration, of IMAMU AMIRI BARAKA, so that we might regularize and standardize our understanding of Nationalism and our roles as Afrikan revolutionaries in America. As advocates of

Kawaida, the revolutionary doctrine created by Maulana Ron Karenga, taught to us and made applicable to our daily lives by IMAMU AMIRI BARAKA, we know that we are revolutionary Afrikan Nationalists. That is, that we are Afrikans, for our historical home is the Afrikan continent, and that we are Afrikans who are living here in America. We see that our major role as Afrikans, nationalists is the building and developing of our communities, where we live and finally wherever

Afrikans are throughout the world. Saba Saba 1973 proved to be a truly inspirational event. The celebration of Saba Saba 1973, under the guidance and inspiration of IMAMU AMIRI BARAKA, became more than just a date for celebration of the historical formation of TANU in 1954, for it created a stronger unity within the Kawaida family, and laid the foundation for the Revolutionary Afrikan Nationalist Party, the political party that will lead us to our National Liberation.

"TEACH IMAMU"!!! And on Saba Saba, he did just that—the revolutionary concepts of Kawaida were taught to cadre members who came to Newark, July 7, 1973.

1. Urge your Representative and Senators to find out what the State Department is doing about the drought emergency in Afrika.
2. Let the Assistant Secretary of State for Afrikan Affairs, Mr. David Newsom (State Department, Washington, D.C. 20520), know of your concern.

3. Write the Chairman of the Foreign Relations Committee, Senator J.W. Fulbright, and the Chairman of the House Foreign Affairs Committee, Representative Thomas E. Morgan, and to members of these committees to urge them:

— To amend the Foreign Aid Bill to include special provision for relief and reconstruction of the Afrikan drought area.

— To support the amendment to the Foreign Assistance Bill in the House, co-sponsored by 22 members of the Foreign Affairs Committee (including Chairman Diggs), which would focus future U.S. development finance on programs which would help the poorest sections of the population, in the poorest countries, especially in sectors such as food production, rural development and nutrition, and appropriate education.

4. Publicize the drought emergency, and the urgency of making U.S. development finance available to the least developed countries, in each church, community group or organization to which you belong.

WHAT IS A POLITICAL MOVEMENT?

"The political movement is social organization of liberal type characterized by the adoption of a common denominator or of a common minimum political objective justifying, either the cooperation 'of' different social groups constituted within it, or the unity of action the convergence of the efforts of men who individually adhere and who pursue together that common minimum objective."

AFRIKAN HERO

Major-General Mohamed Siad Barre

Somalia is one of the most progressive countries in Afrika and is led by one of the most progressive and revolutionary leaders in Afrika.

Major-General Mohamed Siad Barre is the president of the Supreme Revolutionary Council of Somali Democratic Republic. He is the leader of a country which has been the playground of international imperialism for nearly a century during the partitioning of Afrika, commonly known as the 'European Scramble for Afrika'. He is the leader of a country which was divided by oppression in five parts—British, Italian, French, Ethiopian, & an area included in the former British colony of Kenya—under a nation of people who were determined to liberate their country and unite their people under an independent Government.

In 1960 the Samaliland Protectorate held by Britain and Somalia, a colony held by Italy, achieved their independence and immediately united to form the Somali Republic.

This was a positive movement for the people of Somalia. But it was not until nine years later that the revolution occurred. The leader of the country at that time was Dr. Shermarke; but on October 15, 1969, he was assassinated by his own bodyguard while touring the northern part of the country. This brought political confusion to a climax.

Today under the revolutionary leadership of Major-General Barre the country of Somali has advanced in many areas. Moved by a desire to restore the pride and traditional greatness of his people and the greatness of Somalia, Major-General Barre feels that his nation is definitely on the road to recovery and this is evident in Somalia's participation in the decisions of the United Nations.

Major-General Barre has influenced and inspired the people of Somalia to be determined to succeed; and currently they are changing Somalia into an Afrikan socialist nation in seeking to achieve National Liberation.

SOCIAL DEVELOPMENT

Bibi Amina Baraka
"ON AFRIKAN WOMEN"

Afrikan women, we in America must seek political clarity and educate ourselves, so we can support and help make revolution for Afrikan People all over this World. As Imamu Amiri Baraka points out "Afrikans all over the world are being melted down for the white boys cash," all over the world Afrikans are hurting, being oppressed by the same oppressor. All of our children are being miseducated or uneducated, especially where we Afrikan women have not found it necessary to struggle to help create alternative institutions for ourselves. We must take an active role in the National and World Liberation of Afrikan People. We must become skilled in all areas, it will take all skills to struggle toward victory. Afrikan women must make the struggle and victory of our people our priority. We must work and study without complaint; unless the complaint is against oppression. We must be an inspiration for change. Push and support and develop Afrikan Culture based on tradition and reason. Let our lives and ways inspire all Afrikan People to reject European culture and values. We should begin to study the scientific politics of Afrikan

revolutionaries, so we can thoroughly understand the nature of our work.

We cannot excuse ourselves from the discomforts of Revolutionary Nationalism. Oppression manifested in Racism, Capitalism, and Imperialism is not comfortable and cannot bring comforts to any Afrikan Women, Men or Children. We must first accept that basic reality of all Afrikans and move to change that reality to meet our needs and then our visions of an Afrikan People with self-determination and self-reliance. We must be wholly committed as a people. We must provide ourselves with an education so we can provide the world of Afrikan children with an identity, purpose and direction. That is why we must help create and develop independent educational institutions as well as maximize our influence in public educational institutions. We must constantly wage the Cultural Revolution, the Revolution of Afrikan Values over European Values. Everyday, everything we do must make revolution on European Values. We must live as Revolutionary Nationalists supporting Kwame Nkrumah's three aspects of Revolution, Nationalism, Pan-Afrikanism and Ujamaa (Afrikan Scientific Socialism).

Our teacher and leader Imamu Amiri Baraka points out to Men, Women and Children that, "the work of National Liberation is hard and its resolution is to be sought but not fantasized as the result of unprepared spontaneous outburst of emotionalism. It is work. It will only be achieved by disciplined dedicated people, with a value system that allows them to persevere and remain healthy and rational and committed for as long as it takes no matter what happens to anybody or everybody else".

RAISE!!

AFRIKAN REVOLUTIONARY CLASS-VALUE ANALYSIS Pt. 1

The present period is a time of rapid, dazzling, flux. Events, issues, personalities, conditions, whiz by with blinding velocity. Change threatens all permanencies, change, transformation, revolution, the results of evolution. And we here, in the United States are actually in the spine of a dissolving entity. Something about to change to something else! We live in the chief agent of oppression and reaction in the world! Yet our presence is itself the major contradiction of this agent. The manifestation of one aspect of the principal contradiction in America. . . Black vs White. Black vs White is the principal contradiction in America! (not the rich vs the poor, the Bourgeois vs the proletariat, white men vs white women, Democrats vs Republicans, polluters vs ecologists, & etc.) The white left is left because it is left with a 19th century European social gauge which it no longer even understands how to use. Marx-Engels cannot even apply as it was to whites in America, since these whites here, are not Europeans either! The century old cant about the role of the European working class is now the memory of a theory that applied in part to Russia, tho the creators of the theory didn't think it did. They thought Russia was "too backward", and that it would be the "advanced," industrial nations, in which Revolution occurred. But it happened the opposite. The revolution left the most "backward" areas of Europe and then went to Asia and Afrika and Latin America. The so called Advanced European countries they are still in the pamphlet-demonstration stage, and their so called proletariat has been prostituted by Racism and Capitalism, to be the militant army of Imperialism. They still waiting for the revolution. But it will be Afrikans, Asians, & Latin Americans who will force world transformation!

The white left don't even dig Mao, whom they now call "A Nationalist", because Mao has pointed out that under the Race-Class control of European racism, the entire "third world" (Afro-Asian-Latin American) constitutes a world working class to the white boy's world bourgeoisie. This is what shakes up the theories of international integration i.e., European Hegemony (control) palmed off as Marxism, because whites are a world class of owners . . . trying to control the means of

GIBSON REMOVES JESSE JACOB FROM BOARD OF EDUCATION!!

Board of education member Jesse Jacob, long time community activist, past board of education president, and former head of the NewArk P.T.A.'s, has been removed from that office without justification. The removal of "Jesse," as he is known throughout the community, represents another reactionary decision in the NewArk city government. The move by Mayor Gibson is retrogressive because Jesse, truly a, man of his people, has increasingly demonstrated his concern for the Black community, it's children, and their education through his outstanding performance as an educational policymaker. During his tenure as a member of the NewArk Board of Education Jesse Jacob fought for quality education which he saw as inseparable from community control, as well as community par-

ticipation. Jabob was instrumental in the appointment of such top administrators as the assistant superintendents in charge of elementary and secondary education William H. Brown, and Miss Theresa David, both outstanding black administrators who have been waging constant struggle to improve education in NewArk.

Jesse Jacob is probably best known and most hated for his stands in behalf of the Black community against the racist union of non-teachers (N.T.U.) and arch-lackie charlie's bell—present dark skinned cracker in charge of the now almost totally non-representative NewArk board of education. It is hard to understand why Mayor Gibson failed to reappoint Jesse Jacob to the Board, thereby creating the present "dictatorship of white-minded negro's"

Jesse Jacob—"a true representative of the grassroots. . ."

which is the NewArk Board of Education.

We of the Black community are not struggling for non-representative government, or backward educational policy-making, 1973 is no time for negroes acting in their own behalf at the expense of the rest of the Black and Puerto Rican community. production of the entire world.

Here in the U.S. it is even more pitiful. Can you imagine calling Ant-Knee Imperialism, part of "the revolutionary proletariat". White workers in America are a fake bourgeoisie because they take part in the exploitation of Blacks & other oppressed people in NewArk or Hanoi. Subsequently all Blacks are part of the working class, because our race is an underclass (in relationship to whites). Even tho, economically, there is disparity between the "richest" black and the poorest, both are simple niggers to the poorest cracker alive. (Tho this does not mean that there are no class distinctions between blacks & blacks. However these are "Value-Class" distinctions brought on by the contradictions between white minded negroes, i.e., those most controlled by whites' way of life, values, and institutions & Blacks less colonized i.e., the grassroots.) Recently at a forum at columbia, negroes from the ep, who were from the continent, tried to submarine PanAfrikanism, by denying that Afrikans in America

shd work with World Afrikans for the liberation of the continent. Again so weird has the white left become that they will deny the basic internationalist tenet of their purported ideology, reverting to a kind of ersatz white on Black nationalism, to deny the trio of revolutionary objectives of our world Afrikan liberation struggle, Nationalism, PanAfrikanism, and Ujamaa (Afrikan Scientific Socialism). Yes we are Nationalists because we will not submerge our identity to the whites or be absorbed by them. We are also PanAfrikanist, because we understand that unless the continent of Afrika is Unified and Independent under an Afrikan

SUPPORT THE UNITY MOVEMENT

Socialist Union Government, we can never maximize our political and economic power where ever else outside of Afrika we are, Yes we Afrikan Socialists, Advocates of Ujamaa, because we understand that the familyhood of Humanity is our ultimate goal, but we also know that we must apply an Afrikan approach to scientific socialism, ie one that takes into consideration our culture and context, utilizing a national form to our internationalism.
